AUDITING IS ABOUT STANDARDS. HAVE YOU EARNED YOURS?

The Certified Internal Auditor® (CIA®) is the only globally accepted designation for internal auditors, the standard for competency and professionalism.

ONLINE… EFFICIENT… EFFECTIVE… EMPOWERING.

NIU has integrated The Institute of Internal Auditors' (IIA®) CIA Learning System™ self-study program into our online preparatory platform, offering enhanced learning resources, supplemental materials and access to a NIU CIA instructor. NIU is one of only three University partners nationwide selected by the IIA to develop and offer an online program.

This online self-study program lets you learn on your time.

This new format offers the busy finance professional an opportunity to prepare for the prestigious CIA accreditation anytime, anywhere. The IIA's CIA Review Learning System print and online materials are combined with practical examples from NIU's College of Business faculty to provide a well-rounded learning experience. Upon completion of the program, candidates are not only ready to take the exam, but apply newfound knowledge into their day-to-day routine.
