# Citizens Property Insurance Corporation

**Director of Audit – Forensics**

Searching for a place to make your mark? At Citizens, we're interested in building a workforce of top achievers committed to our company's success – and their own. Our company values the knowledge that comes from experienced individuals with a variety of backgrounds, in or out of insurance.

Citizens is a unique government entity with a critical public purpose: a not-for-profit, tax-exempt government entity that is one of the largest property insurance writers in the country that provides State of Florida policyholders unable to find coverage in the private market with property insurance protection.

Citizens Property Insurance Corporation has a unique opportunity to direct a newly created unit and support the Chief of Internal Audit in development of a proactive and reactive fraud response plan; audit methodology; investigation policy and procedures.

Based out of our Jacksonville, FL offices the position has overall responsibility for fraud investigation and corrective action, fraud risk assessment, fraud prevention, fraud detection and fraud risk governance.

**Desired Skills & Experience**

Requirements for this critical position include:

- Bachelor's Degree in Criminal Justice, Business Administration, or Political Science, or combination of related education and experience relevant to position equivalent to 4 years in college education.
- Active Certified Public Accountant (CPA) license
- 10 or more years of progressively responsible professional experience in white collar crime casework/management, auditing, security, or related field, to include 3 or more years of managerial/leadership experience

The successful candidate will also bring to this position strong managerial and coaching skills demonstrated knowledge of risk based fraud prevention and detection approach as well as excellent oral, written communication and consultative skills.

The preferred candidate would also be a Certified Forensics Accountant (CFA) and/or have the Certified Fraud Examiner (CFE) designation.
