Thanks to those who have made our 2007 IIA Research Foundation successes possible.

I am proud of The Institute of Internal Auditors Research Foundation's (IIARF) achievements in 2007. We unveiled results of the Common Body of Knowledge (CBOK) survey — the most complete internal audit study ever — complimentary to IIA members. Through the Sabbatical Opportunity for Academic Researchers (SOAR), we funded a working sabbatical for academic research on emerging trends in the profession. And we awarded our seventh Esther R. Sawyer Scholarship Award to a student demonstrating extraordinary promise in the field of internal audit research. And so much more.

Our efforts would not have been possible without your generosity. Thank you.

Sincerely,

Roderick M. Winters, CIA
President
