Single Report
The report purchased can be used for a single assignment, for a single location, and must be discarded after use.

Single 3-Tiered Report 3-tier benchmarking report showing comparisons for specified industry, internal audit staff size grouping, and universal data	$500.00
Single 4-Tiered Report 4-tier benchmarking report showing comparisons for specific industry, sub-industry, internal audit staff size grouping, and universal data	$550.00

Client Reports under Quality Assessments
This program allows service providers to market GAIN and its benefits to their clients. They offer their clients the ability to participate in GAIN and receive a free benchmarking report (US$ 225 value). GAIN then bills the service provider $175 for each report where a client submits data. The client will have to select the payment option of Free GAIN Report under Quality Assessment.

Customized GAIN Report for Client under QA 5-tiered customized GAIN report for clients of service providers under engagements for quality assessments. The report is submitted by, sent to, and owned by the service provider's client.	$175.00 per report
