

Letter to Employer

Dear xxxx:

It is a privilege to be a member of this dynamic audit team and have the opportunity to actively engage with key internal and external stakeholders with the sole purpose of enhancing the organization's ability to meet or exceed its objectives.

While researching new and innovative approaches to conduct value-added audits, I came across an exciting, targeted program that is specifically designed for audit leaders. This program – Vision University: Executive Continuous Learning Cohort – is offered by The Institute of Internal Auditors (The IIA).

I'd like the opportunity to attend this cohorted executive and leadership level program which takes places over six months in a hybrid in-person/online setting and is taught by accomplished audit executives. As a participant in Vision University (VU), I will:

- Learn latest tools and techniques to better manage stakeholder relations.
- Improve auditing processes with robust and relevant skillset.
- Manage complex and ever-evolving risk challenges.
- Address talent management concerns.
- Gain knowledge from peers and expand professional network.

After completing VU, I will be a more competent audit leader as well as a more effective strategic partner.

For your earnest consideration, Vision University is being offered for \$4,995 (IIA Members) or \$5,550 (Non Members) plus travel expenses to/from Las Vegas- which includes full access to the GAM conference too! IIA Executive Members receive an additional \$400 off the member rate enrollment fee.

Thank you in advance for investing in my continued professional development as a dedicated audit leader!
