Summer 2011

## President's Message

Greetings Colleagues,

During June we will begin planning the upcoming year based on the annual survey distributed to our members back in February. These survey results provide insight on the topics you consider most beneficial. We will utilize the survey results to plan our five events for this chapter year. As you recall, we reluctantly decided last year to reduce the number of events for the year, due to the current economic climate and the lack of volunteers. My hope is that our membership will gain enough knowledge and CPE this year to keep them on the cutting edge.

As we begin the new chapter year, I will take on a new role of 1st VP. I look forward to this role and enjoy the time I spent serving as your President. I truly appreciate all of your support and the support of my board over the last two years. If it wasn't for them, all of the wonderful services and progress made would not have been possible.

Volunteering, as a chapter leader, is a great way of sharing your talents, networking with your colleagues and contributing to a common goal "For progress through sharing." Please feel free to contact any of the chapter leaders if you would like to volunteer.

Please remember to check our website often to obtain details on events and to register for meetings and seminars. I look forward to seeing you soon. Enjoy your summer!

Best Regards,

Melissa Bender, CIA, CFE, CGAP, CCSA
