

Internal Audit Project Manager

Victoria, Vancouver Island, BC

As one of BC's six health authorities, the **Vancouver Island Health Authority (VIHA)** provides a comprehensive range of health services to the 760,000 residents of Vancouver Island. ***For three years running, VIHA has been selected one of BC and Canada's top employers.*** With 18,000+ employees, VIHA offers an attractive remuneration and employer-paid benefits package and we enjoy one of Canada's mildest climates with easy access to year-round outdoor activities.

This is a unique opportunity to lead, manage and perform special reviews, projects and investigations. If you are looking for change and have always envied the island lifestyle, this is the perfect time to make your move!

SUMMARY

In this key role, reporting to the Director of Internal Audit Services, you will be responsible for managing and performing a variety of complex and large-scale risk based audits across all significant financial and operational controls and processes of the Vancouver Island Health Authority (VIHA). As the Project Manager, you will assist in providing a comprehensive internal audit service to ensure that an effective system of financial, computer and management controls, including performance management, is in place. Additionally you will participate in the annual audit planning process to ensure coverage of all significant activities through the identification and prioritization of all auditable areas based on their inherent risk from a financial, operational and strategic basis.

QUALIFICATIONS

You hold a professional accounting designation such as CA, CMA or CGA. You have 5-7 years progressive related work experience including extensive knowledge of the Institute of Internal Auditors standards. Ideally you are a Certified Internal Auditor (CIA) or Certified Information Systems Auditor (CISA). Previous experience in health care, public sector or management experience would be an asset. A combination of equivalent education, training, and experience may be considered.

Your background demonstrates your leadership skills and ability to assist in planning and managing a comprehensive internal audit function in a large publicly funded health care setting. You have excellent communications to develop clear, concise reports, to educate, and to make presentations to groups and can work effectively in a dynamic environment, working under pressure to meet deadlines and budgets. You can demonstrate your analytical and problem solving abilities, your persuasiveness and perseverance and sound judgment.
