

IIA FWC chapter's monthly resource for training, news, and member announcements.

A Successful Networking Event at Saint Leo University!

Our chapter joined approximately 15 other exhibitors, including assurance firms and other corporate organizations to promote internal auditing as a profession. Monica Kessel, Monica Sanchez, and Susan Glickman introduced many junior and senior level accounting students, who were not familiar with internal audit as a profession or career path. The team networked with approximately 30 students and faculty members. In addition, they promoted the IIA's free student membership and encouraged them to join our chapter events as our guests.

Our word of appreciation for Passard Dean, Chair of the Accounting Program at Saint Leo, member of the IIA FWC Chapter and organizer of the event, for the invitation!
