Internal Audit
FOUNDATION

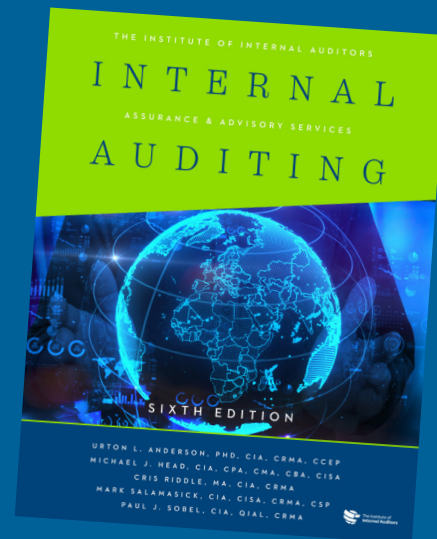

Advancing Internal Audit Education Globally

The Institute of Internal Auditors (The IIA) and Internal Audit Foundation are dedicated to advancing internal audit education and strengthening the global pipeline of internal audit talent. We formally recognize and endorse colleges and universities that introduce students to the profession and/or offer internal audit curricula. Together with academic institutions, we are shaping the future of the profession worldwide.

We offer the following resources at no cost to educators:

- Complimentary instructor e-copy of the *Internal Auditing: Assurance & Advisory Services, Sixth Edition*, digital textbook, including instructor materials
- Scholarships for undergraduate and graduate students
- Webinars conducted by industry experts
- Educator resources, including IIA-branded materials, case studies and solutions, and more

Internal Audit Academic Alliance

The IIA and Internal Audit Foundation proudly recognize and endorse accredited colleges and universities through the Internal Audit Academic Alliance (Academic Alliance). From introducing the profession to producing workforce-ready graduates, the Academic Alliance acknowledges the efforts of academic institutions at every stage through its five levels of distinction:

Academic Affiliate, **Principles Level**, **Foundation Level**, **Comprehensive Level**, and **Center for Excellence**.

Together, the Academic Alliance raises awareness, strengthens the talent pipeline, and elevates the internal audit profession worldwide.

Exclusive Benefits for Schools Endorsed by The IIA

Academic institutions that are formally recognized and endorsed by The IIA gain access to exclusive benefits and tools, including:

- Eligibility to apply for grant funding from the Internal Audit Foundation annually.
- Access to an exclusive inventory of case studies and solutions.
- Special pricing available to the Academic Alliance Coordinator to complete the Certified Internal Auditor® (CIA®) exam.
- License to use IIA-copyrighted content and Academic Alliance branded assets, with automatic access to enhance and promote internal audit academic programs.
- A quarterly newsletter featuring timely insights, resources, and updates from The IIA and Foundation.
- Global exposure through IIA and Foundation marketing channels, potentially boosting student placement opportunities and supporting accreditation and ranking improvements.

“During our AACSB review, our recognition by The IIA as an Internal Audit Academic Alliance partner stood out as a key strength because of the valuable opportunities it provides students to engage with internal audit professionals and the business community throughout their academic journey.”
