President's Message

Greetings IIA OKC Chapter Members!

Thank you to all those that attended our virtual CPE event with Chris Hutchison on March 27th. For those in attendance, we learned valuable lessons about how control owners perceive auditors and how we can shape our communication to be more effective.

April 25th - We have an in-person cybersecurity presentation that will be fascinating for everyone who attends! Cody Eidson, Cybersecurity Lead – Diamondback Energy, will be presenting on cyber risks, common techniques utilized by bad actors, ways to mitigate risk, and much more! Mr. Eidson has routine discussions with the FBI and other agencies to discuss best practices, so this will be a great presentation to learn and ask questions on one of the biggest risks companies currently manage. This event will be at Ted's Café Escondido from 11:30am – 1:00pm. Address: 2836 NW 68th St, Oklahoma City, OK 73116.

Lastly, I want to mention that our Spring Seminar will be taking place on May 7th from 8:00am – 4:30pm at the Greens Country Club. The presenter will be Robert Barry, also known as "That Audit Guy", who has a long history of interesting and engaging presentations. Mr. Barry summarizes this presentation as "Ask better Questions, Get Better Answers, Perform Better Audits". This will be a great opportunity for anyone looking to fulfill a significant CPE requirement while obtaining the most up-to-date audit techniques from a world-class presenter.

I want to thank you all for continuing to support our local chapter and for providing me with feedback on how we can improve and what we are doing right. We are continuing to grow and have welcomed many new faces in our officer group, and we are making improvements every day and I want to keep the momentum going!

Best Regards,

Cory Brown
