OTHER NEWS

Breaking News for Members:

- [The IIA Releases New GTAG on Auditing Cyber Incident Response and Recovery](#) –The GTAG gives an overview of the relevant risks and controls in this area to help an internal audit activity with planning and scoping audit engagements. References to external control frameworks are offered, which, if used effectively, can help with the development of insightful audit approaches.
- [The IIA Releases Updated Practice Guide on Assessing Fraud Risk Governance and Management](#)! The evolution of technology and sophistication of bad actors continues to open new avenues for fraud. The second, expanded edition of the practice guide is designed to support internal auditors as they rise to the challenges this increasingly complex issue has created.
- [Third-Party Risk Management: A Practical Guide](#) - published by the Internal Audit Foundation, this guide addresses essential elements in an effective third-party risk and relationship management program, including activities that drive risk-informed oversight.
