From Compliance to Strategic Impact: How AI is Transforming Internal Audit

10/14/2025, 1:00 pm-2:00 pm ET

Internal audit is at a critical juncture, with the rapid advancement of AI presenting both massive disruption and unprecedented opportunity. This isn't just about adopting new software; it's a fundamental shift in how auditors work, think, and add value. In this webinar, we'll go beyond the buzzwords and explore how leading internal audit functions are truly leveraging AI to achieve tangible outcomes and elevate their role from compliance to strategic advisor. Join Workiva, KPMG, and The IIA to discuss a bold vision for how the internal audit profession will evolve in an AI-embedded world. We'll provide practical, real-world advice on how to empower your team to thrive in this new landscape, build trust with leadership, and envision what the next decade of internal audit could look like.

Enhanced ERM

Enhanced Enterprise Risk Management & Strategic Decision Making

Enterprise risk management has come a long way, yet many organizations still struggle to turn risk intelligence into strategic advantage. This report distills insights from a global survey of 567 professionals, conducted by Baker Tilly and The IIA's Internal Audit Foundation from January 7th to February 7th, 2025. The study traces how

ERM programs are maturing, where technology and resource gaps persist, and how leading teams embed ERM into strategic decision making while safeguarding internal audit independence. Packed with fresh benchmarking data and practical guidance, the report helps you assess your own program's maturity and chart a clear path forward.
