

STATE OF TEXAS  
OFFICE OF THE GOVERNOR

In Texas, we value the integrity and efficiency with which we run our exceptional state. As the Lone Star State continues to grow and develop, internal auditors continue to become more essential to ensure that businesses, organizations, and government agencies across Texas hold themselves to the highest levels of excellence and achieve their goals and missions with transparency and honor.

Internal auditors are highly trained professionals who make independent and objective evaluations regarding an organization's operations to ensure it complies with laws and regulations, uncover issues before they are detected by external audits, offer risk management, and provide leadership with proposals and tools for improvement. By employing internal auditors, entities across Texas can help guarantee they are executing the best practices and organizational policies possible in order to maintain the high standards of accountability and efficiency demanded by the citizens of this great state.

Each year, a week in May is dedicated to increasing public awareness of the immense value internal audits bring to our state and highlighting the immeasurable contributions of internal auditors across the public and private sectors.

At this time, I encourage all Texans to recognize the work of internal auditors and the many organizations that support these committed professionals. Their dedication to transparency and efficiency highlights the best of the Lone Star State, and their work will help ensure a better future for the next generation of Texans.

Therefore, I, Greg Abbott, Governor of Texas, do hereby proclaim May 16–20, 2022, to be

## Internal Audit Week

in Texas and urge the appropriate recognition whereof.

In official recognition whereof, I hereby affix my signature this the 25<sup>th</sup> day of April, 2022.

  
Governor of Texas
